Pumping Solution

rafed Company was established in January 2023. Started initially as a trading company, **rafed Company** gradually grew to cover three business units:

-
-
-

Trading

Contracting

Fabrication

A. The trading activities:

- a. Plumbing equipment
- b. Fire protection equipment
- c. Municipal & infrastructure projects equipment
- d. Ductile iron pipes & fittings
- e. Valves
- f. Environmental systems (STPs, RO units)
- g. Irrigation & outdoor cooling equipment
- h. Dewatering & wells equipment
- i. Playground equipment
- j. Library furniture
- k. Residential systems
- l. Heat transfer solutions (steam systems, solar PV & heating systems)
- m. Electrical solutions
- n. Power tools
- o. HVAC equipment

B. The contracting activities include:

a. MEP Works:

- i. Plumbing & fire protection
- ii. HVAC
- iii. Electrical works
- iv. ELV – Extra Low Voltage

- v. Swimming pools & fountains
- vi. Steam systems & solar heating systems
- vii. Landscape & irrigation

b. Infrastructure Works:

- i. Mechanical works
- ii. Electrical works
- iii. Automation (Telemetry & SCADA)

c. Facility Management:

- i. Commercial projects
- ii. Water works & sewage networks

d. Environmental Services

e. Oil & Gas and Power:

- i. Oil & Gas and Power
- ii. Power Projects

C. **The workshop** carries out the following activities:

- a. Fabrication (Mechanical, electrical, & lathe works)
